Thank you, Cassandra.

The summary does not accurately capture my observations about HCPs/NCCPs, so we'll be sending you a single set of comments addressing those aspects of the summary and any other points we may have once I confer with Erin and Stephanie.

Stephanie, Erin and Tim – Attached are the draft meeting notes/action items from Monday's meeting. I'm also attaching a compilation of all the action items from the prior meetings. Please let me know if you have any questions and/or comments on either document.

Thanks, C.
